

## MBBS Year 1 Enrolment Information

Welcome to the University of Adelaide's Bachelor of Medicine and Bachelor of Surgery (MBBS) Program.

Enrolment for commencing Year 1 MBBS students opens on 1 February 2010 at 1:00 pm. We recommend that you plan your timetable before you enrol to make sure you have the correct class numbers, times and days for your medical and biology courses. A blank class planning timetable is provided to help you to fill in your individual timetable. This will assist you to ensure there are no clashes with your medical courses. Please click on this link to view the [Year 1 Subject Timetable](#) which will give you a visual overview of your subject times and options.

There are some acronyms that you need to know:

CBL = Case-Based learning

CS = Clinical Skills

MPPD = Medical Personal and Professional Development

SBM = Scientific Basis of Medicine

Listed below are step-by-step instructions for enrolling.

1. **Before** you can enrol in your courses for 2010 you will need to complete your **Online Enrolment Checklist** via [Access Adelaide](#). You can do this anytime between now and enrolment time.

Students are required to enrol into the four MEDIC ST courses and the one BIOLOGY course for Semester 1 and Semester 2. The SBM, MPPD and BIOLOGY courses have more than one component that you need to enrol in, please make sure you select a class number for each component. The SBM and MPPD courses have a Lecture component that is set up as the enrolment component and the CBL or Tutorial components are set up as the related components with the resource session also being a related component in the SBM course, in example, for the SBM course, you will need the class number of Lecture, 13915 (LE01 = Lecture) as the enrolment component and then you will need to select a Resource Session, 11949 (RE01 = Resource Session 1) and CBL, 13404 (CB01 = CBL class 1) to complete your enrolment in the SBM course.

Please note that the CBL course which you enrol into as a component of the SBM course will have an impact on which Tutorial you can enrol into for the MPPD course. If you enrol into a CBL class from 1 to 10 (M/W/F 10am – 12pm) you can only enrol into a tutorial from the MPPD course 11 to 20 (Monday 12pm – 1pm). The Clinical Skills course will have times that may clash with the Biology tutorial & workshop times, so be careful when choosing your classes.

**PLEASE NOTE: YOU MUST ENROL INTO THE SAME CS AND CBL CLASSES FOR BOTH SEMESTER 1 AND SEMESTER 2**

This will become clearer as you follow the steps below. If you have any trouble with your enrolment please check this website <http://www.adelaide.edu.au/enrol/steps/> or contact the Student Centre on 8303 3833 or via email [enrol.help@adelaide.edu.au](mailto:enrol.help@adelaide.edu.au)
