HOSPITAL-BASED YEAR 3 CLINICAL SKILLS ALLOCATIONS

The Year 3 Clinical Skills program will be hospital-based on every Tuesday of each semester. Students will be allocated to either the RAH, TQEH or LMHS. Allocations should be available by the first day of O Week (25.2.2008) on the Year 3 medicine noticeboard on the first floor, south wing.

HOSPITAL ID / ACCESS

**The Queen Elizabeth Hospital (TQEH)- 4 March 2008 at 8.30am Sharp**

Students will be programmed to obtain their hospital student ID / Access card at TQEH.

Students to report to Lecture Theatre, Clinical Education Centre, Level 2, Main Building with white coat and stethoscope at 8.30am sharp.

**The Lyell McEwin Health Service (LMHS)- 4 March 2008 at 8.30am Sharp**

Unless you have worked in this hospital previously it can be difficult to find your way around. **All** students will be met in the ‘old’ Main Entrance at 8.30 am sharp.

Do not be deceived – the so called ‘old’ Main Entrance is large and relatively modern and looks like a ‘main’ entrance. It is on Haydown Road across the road from the Elizabeth Vale Shopping Centre. The shopping centre and the large expanse of paving leading to the entrance of the hospital are linked by a pedestrian crossing. Once inside the entrance there is a volunteer enquiries desk on the left and a kiosk and gift shop run by volunteers on the right.

You will be met in the seating area by the phones which are just ahead of the enquiries desk. You will need to be punctual as our timetable for the day does not allow for tardiness.

All students are to bring their white coat, stethoscope and pen torch each week for their clinical day at Lyell McEwin Hospital. Students are to wear their University ID badge.

Students will be allocated a Hospital Access Card ($20 deposit required) and locker key ($20.00 deposit required). All refunded when returned at the end of the year.

Parking is available in the Revival Centre, Winklebury Road, off John Rice Ave.

**The Royal Adelaide Hospital (RAH)- 25 February 2008 at 9:00am- 11.00am OR 2.00pm-3.00pm**

Students to report to Level 12, Residential Wing at the Royal Adelaide Hospital.
